1331 other tax required to be paid by the commonwealth, including taxes imposed by chapter 62 or
1332 chapter 63. The excise under this chapter shall be due and payable on the eligible pass-through
1333 entity’s original, timely filed return. A return that reports the excise shall be due at the same time
1334 as a partnership information return or corporate excise return would be due for the entity under
1335 chapter 62C. Nothing in this chapter shall alter any filing requirements for a qualified member
1336 under said chapter 62C.

Section 5. The collection and administration of the excise under this chapter shall be governed by chapter 62C unless expressly provided otherwise in this chapter or in regulations promulgated by the commissioner pursuant to this chapter.

Section 6. The election under this chapter shall be made by the eligible pass-through entity on an annual basis in a manner determined by the commissioner. All members of the electing eligible pass-through entity shall be bound by the election. Once an election is made for a particular year, the election shall not be revoked.

Section 7. The commissioner shall promulgate regulations or guidance to administer this chapter. The regulations or guidance may: (i) make the credit available to qualified members with income from eligible pass-through entities that in turn have income from other eligible pass-through entities; (ii) provide rules on the application of this chapter to eligible trusts and estates; and (iii) require estimated payments of the excise by electing eligible pass-through entities and their qualified members in a manner consistent with chapter 62B.

SECTION 18. Section 6 of chapter 64H of the General Laws, as appearing in the 2024 Official Edition, is hereby amended by adding the following subsection:-

(aaa) (1) For the purposes of this subsection, the following words shall have the following meanings unless the context clearly requires otherwise:

“Developer”, a person, partnership, company, corporation or other entity, or any subcontractor thereof, that engages in construction of an approved affordable multifamily housing project.

1357 “Multifamily housing projects”, a multifamily housing project approved by the executive
1358 office of housing and livable communities that: (i) is located in a census tract where the median
1359 household income is below 120 per cent of the average household income; or (ii) includes not
1360 less than 15 per cent affordable units as determined by the executive office.

1361 (2) Sales of materials, tools and fuel, as those terms are defined for the purposes of
1362 subsection (r), purchased for a developer, to the extent authorized by the executive office of
1363 housing and livable communities, which are consumed and used directly and exclusively in the
1364 construction of approved multifamily housing projects that support housing for low, moderate
1365 and middle income residents.

1366 (3) In any fiscal year, the executive office of housing and livable communities shall not
1367 approve a multifamily housing project for the exemption allowed under this subsection if the
1368 total estimated exemption amount for all outstanding approved multifamily housing projects
1369 would likely exceed \$35,000,000 for the fiscal year. The executive office shall consult with the
1370 department prior to approving a multifamily housing project to determine if the project is likely
1371 to result in the cap being exceeded.

1372 (4) After the executive office of housing and livable communities approves a multifamily
1373 housing project, the developer shall obtain a certificate from the executive office of housing and
1374 livable communities stating that it is entitled to the exemption under this subsection. A vendor,
1375 upon being presented with the certificate, shall keep a record of the sales price of each separate
1376 sale and the number of such certificate. Such records shall be made available to the executive
1377 office not later than 60 days after notice from the executive office to produce such records. The
1378 developer shall also keep receipts and records of all purchases for which the developer claims the

1379 exemption. Such receipts and records shall be submitted to, and in a manner determined by, the
1380 executive office. The burden of proving that such developer qualifies for the exemption shall be
1381 upon the vendor unless the vendor takes in good faith from the developer the certificate and such
1382 certificate is received and made available to the commissioner not later than 60 days from the
1383 date of the notice from the commissioner to produce such certificate.

1384 (5) If construction does not commence within 2 years of the project's approval, the
1385 executive office of housing and livable communities may revoke the certificate and notify the
1386 department.

1387 (6) The executive office of housing and livable communities may revoke a project's
1388 approval if it determines: (i) that the developer has used the certificate to claim an exemption for
1389 any tangible personal property other than materials, tools or fuel purchased for the construction
1390 of the approved multifamily housing project; or (B) the project no longer qualifies as a
1391 multifamily housing project. Upon such revocation, the executive office shall notify the
1392 department. As of the effective date of any revocation under this paragraph or paragraph (5), the
1393 commissioner shall disallow any exemptions allowed by the original certificate under this
1394 subsection.

1395 (7) Upon completion of the approved affordable multifamily housing project, the
1396 executive office of housing and livable communities shall notify the department and the
1397 department shall revoke the certificate.

1398 (8) The executive office of housing and livable communities and the department shall
1399 issue regulations or guidance for the administration of this subsection. Said regulations or
1400 guidance shall provide criteria for the approval of multifamily housing projects and the executive

1401 office shall prioritize projects that best address the Commonwealth's goals of increasing housing
1402 production for low, moderate and middle income residents.

1403 (9) Annually, the executive office of housing and livable communities shall report and
1404 make available on its website projects approved under this subsection. The report shall include
1405 an analysis of the impact of the subsection, the approved projects and the progress on the
1406 construction thereof, the geographic distribution of approved projects and any other
1407 recommendations of the executive office.
