An Act for better habilitative and rehabilitative care for the neurodevelopmental condition stuttering.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           Any health insurance policy, certificate, plan, or contract, including but not limited to a  
2 health benefit plan, that provides coverage for:

3           Habilitative services, shall provide coverage for habilitative speech therapy as a treatment  
4 for stuttering, regardless of whether the stuttering is classified as developmental.

5           Rehabilitative services, shall provide coverage for rehabilitative speech therapy as a  
6 treatment for stuttering; or

7           Both habilitative services and rehabilitative services, shall provide the coverage required  
8 under paragraphs (a) and (b) of this subsection.

9           (2) The coverage required under subsection (2) of this section shall: Not be:

Subject to any maximum annual benefit limit, including any limits on the number of visits an insured may make to a speech-language pathologist.

Limited based on the type of disease, injury, disorder, or other medical condition that resulted in the stuttering.

Limited to cases of childhood stuttering.

Not be less than the coverage required for health benefit plans; and include the use of any communication technology, application, or platform to deliver telehealth services, except coverage may be restricted to technology, applications, or platforms that are compliant with any applicable privacy provisions of the federal Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. sec. 1320d et seq., as amended. Include service codes 92507 (individual service) and 92508 (group service)
