

SENATE No. 2259

The Commonwealth of Massachusetts

PRESENTED BY:

John J. Cronin

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act protecting transportation network driver data privacy and integrity.

PETITION OF:

NAME:

John J. Cronin

DISTRICT/ADDRESS:

Worcester and Middlesex

SENATE No. 2259

By Mr. Cronin, a petition (accompanied by bill, Senate, No. 2259) of John J. Cronin for legislation to protect transportation network driver data privacy and integrity. Telecommunications, Utilities and Energy.

The Commonwealth of Massachusetts

In the One Hundred and Ninety-Fourth General Court
(2025-2026)

An Act protecting transportation network driver data privacy and integrity.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Subsection (b)(1) of Section 4 of chapter 150F of the General Laws is
2 hereby amended by striking out the second sentence and inserting in place thereof the following
3 sentence:- Since the obligation to negotiate in good faith includes an obligation to provide
4 requested information that relates to the bargaining process, it is also an unfair work practice for
5 a certified or recognized transportation network driver organization to refuse to provide
6 information requested by a transportation network company that is relevant to the bargaining
7 process.

8 SECTION 2. Chapter 150F of the General Laws is hereby amended by adding the
9 following section:- Section 13. Any record furnished to the board or other state agency by a
10 transportation network company pursuant to this chapter including, but not limited to,
11 transportation network driver records, shall not be considered a public record as defined in clause
12 twenty-sixth of section 7 of chapter 4 or chapter 66 of the General Laws. Such records are

confidential and shall not be disclosed by the board or by any persons who may be authorized by the board to control or process them solely for purposes of Chapter 150F.

SECTION 3. The board shall promulgate regulations to implement chapter 150F no later than [December 31, 2025]. The board shall implement such regulations no later than [June 30, 2026] Chapter 150F shall take effect upon the board's implementation of the regulations required by this section. The regulations shall: (a) establish the obligations and procedures for the board and transportation network driver organizations to protect transportation network driver data from public disclosure and unauthorized use, including: (i) minimization of data collected to what is necessary under chapter 150F; (ii) encryption standards adhering to recognized security protocols; (iii) access controls to ensure that only authorized persons can view or process driver data; (iv) data retention policy; (v) auditing and compliance monitoring; (vi) data breach protocol; (vii) driver notification of data sharing; (viii) driver consent and driver opt-out of data sharing; and (ix) limitations on data use; (x) limiting the disclosure of driver personal identifying information to the confidential uses necessary to effectuate Chapter 150F and not for the purpose of enforcing federal immigration law or provided to an agency that primarily enforces immigration law, unless the Board is provided with a lawful court order or judicial warrant signed by a judge appointed pursuant to Article III of the United States Constitution, a federal grand jury or trial subpoena, or as otherwise required by federal law; (b) establish authorization card requirements, including the specific form and content of authorization cards and authorization revocation cards, receipt records, language access and limited English proficiency protections, authentication standards for both electronic and non-electronic authorization cards, data security, submission requirements, and the board's audit review authority; (c) establish procedures for verifying transportation network driver

organization representation evidence; (d) establish procedures for verifying that “active transportation network drivers,” as defined in Subsection (a) Section 2 of Chapter 150F, includes only those independent contractors currently authorized to provide Transportation Network Company services by the Transportation Network Company Division of the Department of Public Utilities (DPU), who hold a current Background Check Clearance Certificate, meet all safety and suitability standards required by DPU regulations, are affiliated with an entity holding a current DPU permit, and use non-commercial vehicles to provide transportation network company services; (e) establish how the median number of rides by authorized transportation network drivers will be determined to set the quarterly active transportation network driver thresholds; (f) establish the specific subjects of bargaining under terms and conditions of work; (g) establish election procedures for exclusive bargaining representations; specify how and when transportation network companies must share driver data with transportation network driver organizations while protecting drivers’ privacy and complying with data security laws; (h) establish complaint and grievance processes; (i) establish mediation and arbitration rules; and (j) establish standards and procedures for board oversight of bargaining agreements.
